DETAILED ACTION

Response to Amendment

This office action is in response to amendment filed February 3, 2005. Applicant amended claim 2.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claim 2 is rejected under 35 U.S.C. 102(e) as being anticipated by Iwagaki et al. U.S. Patent No. 6,707,999.

Regarding claim 2, Iwagaki teaches receiving information, storing information received, transmitting information to a designated destination, transmitting a reference information; calculating charge in accordance with received information etc. (see abstract and col. 5 lines 35 to col. 7 line 35). Iwagaki teaches the image search or image recognition software identifying

reference information, such as recognizing things in the image and automatically selecting advertisement or event information (additional information), or selecting the additional information based on questionnaire, regarding a hobby or interesting event, provided to the user. Charging fee corresponding to the number of times of the reading of the additional information or the number of times the additional information is attached to the information (see col. 6 line 26 to col. 7 line 35, and col. 8 lines 7-18).

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
